### Report of City Tree Inventory

Farmington City GIS Specialist **Matt McCullough** presented his Utah State University Master of Natural Resources Capstone Project which was titled, "Community & Urban Forestry Inventory for Farmington City, Utah." He said the goal of his project was to complete a tree inventory of the main streets and parks in Farmington and determine the following:

- To evaluate the overall health of the urban forest;
- To assess the value which trees provide to the community in economical as well as environmental and human dimensions;
- To establish a successful management program for the City's Parks and Recreation Department;
- To educate the public and encouragement their involvement in caring for and more fully appreciating the trees in their community.

Following his presentation, the following agenda items were reviewed:

### (Agenda Item #5) – CONSIDERATION OF REQUEST BY IVORY HOMES AND WESLEY AND STEPHANIE HATT FOR LOT LINE ADJUSTMENT TO LOTS 205 AND 206 IN THE SILVERWOOD PHASE II SUBDIVISION

Mayor Harbertson said that when some of the improvements were installed in this subdivision, an unclear delineation of the property boundaries resulted. Lot 205 was developed prior to Lot 206, but there is no risk of violating required setbacks.

### (Agenda Item #6) – CONSIDERATION OF REQUEST TO: (1) AMEND THE FARMINGTON BAY BUSINESS PARK SUBDIVISION PLAT "A" BY THE VACATION OF LOT 1, AND (2) CREATE A CONDOMINIUM PLAT FOR LOT 2, BUILDINGS 1 AND 2, AT 1262 SOUTH 650 WEST – KENT WHITEHEAD

**Glenn Symes** explained that this project was approved in 2009 as an office and warehouse complex and is currently under construction. The developer would like to amend the plat to allow the sale of individual suites within the project which requires that the original plat be amended to record the condominium plat.

**(Agenda Item #7) – CONSIDERATION OF “LITTLE MISS” PROGRAM AS RECOMMENDED BY THE CITY’S PARKS AND RECREATION DIRECTOR**

**Neil Miller** explained that each contestant in the Miss Utah Scholarship Pageant must be accompanied by a “Little Miss.” The Little Miss Program is a non-competitive mentor program for girls ages 4-9, is centered on service, and has a \$400 entry fee. **Mr. Miller** proposed that the Little Miss Pageant be held during Festival Days in July 2011 and that a winner be chosen by her name being drawn out of a hat. Because a Little Miss is needed for the June 2011 Pageant, prior to Festival Days, the Recreation Department will advertise through flyers, the City newsletter, and the City’s website to select a Little Miss for the June 2011 Pageant, and the entrance fee will be paid using Miss Farmington funds.

**Resolution amending the Consolidated Fee Schedule regarding fines for civil penalties**

**Mr. Forbush** explained that the reason these ordinances and resolutions are being amended is to assist in the enforcement of City codes. **RESOLUTION AMENDING THE CITY’S DEVELOPMENT CONSTRUCTION STANDARDS PERTAINING TO THE ISSUANCE OF EXCAVATION PERMITS**  
**(Agenda Item #10)**

**Max Forbush** explained that as the City’s excavation permit process was being rewritten, a new application form was also developed which includes a number of requirements. Three of them are not listed in the City’s laws, and this resolution to upgrade the City’s Development Construction Standards to align the requirements on the form with the law.

**(Agenda Item #11) – REVIEW OF VERIZON AGREEMENT**

The **Mayor** said this was reviewed by the Council several months ago, and the City Attorney has made several amendments to the original Agreement. He said the option and land lease agreement is to be exercised only when and if approval to locate a cell tower behind the police station is given.
